15.3.1 It was noticed on the last occasion that the System (CPPP) was multiplying the Rate quoted by a Bidder “In Figures”, with different multipliers of its own, in case of many components/items of the Bill of Quantities and depicting the resultant product in “Total Amount in Words” column thereof.

15.3.2 This thus prevented the quotation of the Rates by a Bidder “In Words” in respect of different components/items of the BoQ.

15.3.3 Besides, a Grand Total was also automatically being shown “In Words” at end of the BoQ.

   If the same happens this time also, the following is clarified for guidance of the Bidders

15.3.4 The Bidder, should concentrate upon quoting Basic Rate of different components/items “In Figures” only.

15.3.5 The Bidder should also ignore the fact that the System is not taking/accepting towards end, the Grand Total of the quoted Basic Rate(s) of all different components/items “In Figures”.

15.3.6 Accordingly, the Institute, while comparing the quoted Rates will just concentrate upon the Basic Rates quoted “In Figures” for different components/items of the Regular Requirements only.

15.3.7 For adjudging the Successful Bidder, the Basic Rates quoted “In Figures” of all the components/items (Regular Requirements) only will be summed up at level of the Institute.
