3 Days Entrepreneurship Awareness Camp : Introduction

The entrepreneurs play pivotal role in the economic development of any country. They make use of the factors of production to the fullest advantage of the society, generate employment, create innovation, improve standard of living, develop backward areas, etc. which leads to higher economic growth.

The jobs in the market are increasingly diminishing, so it is likely that in the future more people will make their living as entrepreneurs, especially small-sized entrepreneurs. Therefore, entrepreneurship education in Academic Institutions is significant from the point of view of developing education and society as a whole.

The programme has been designed with support of National Science & Technology Entrepreneurship Development Board (NSTEDB), Department of Science and Technology, Govt. of India to create awareness among Science & Technology students to take up Entrepreneurship as a viable career option.

The programme aims at imparting to the learners a thorough insight into the various aspects of entrepreneurship, enterprise creation, technical know-how, credit sources, and changing trends of market in global scenario. The trainees will be able to understand the concepts of identification/ selection of projects. While the programme incorporates a thorough briefing on Government support systems, it also includes additional benefits of being an entrepreneur. The programme intends to create awareness among faculty and students of Engineering and Science courses about various facets of entrepreneurship as an alternative career option as also to highlight the merits of pursuing such an option. Moreover, this program also aims to bring together the experts from industries, government agencies working in the field of entrepreneurship and students of Science & Technology in order to provide a forum for the free and fruitful exchange of ideas and information for becoming an entrepreneur.

Program Objectives

➢ To create awareness among students of Academic Institutions about various facets of entrepreneurship as an alternative career option
➢ To acquaint the participants about entrepreneurial opportunities;
➢ To make aware the participants about the entrepreneurial support ecosystem;
➢ To provide brief overview on essential elements required for preparation of project report.
Course Content

The Course Contents will exclusively focus on expectation setting through inculcating and creating exposure towards an entrepreneurial mindset with essential inputs on importance of entrepreneurship development as livelihood option and for fulfilling the employment demand.
