These are unprecedented times of challenge, especially with the outbreak of COVID-19. Responding to these challenging times calls for the vigorous development of the unlimited potential that resides within people—moving them away from a state of helplessness to bringing out their ability to innovate, take risk and constantly break glass ceilings to become People in the organization who achieve organizational goals with a standard of excellence.

NIESBUD has designed a programme titled “Management skills for Entrepreneurial Success” to impart knowledge on Management Skills that encourage executives to develop habits to be productive at work.

The programme has an ‘inside-out’ approach in which the participants would explore themselves—this could facilitate the process of stimulating, harnessing and directing the power within each person to perform their jobs with greater efficiency.
Objective:

To impart knowledge to participants on Critical Management skills to stay productive at work for higher efficiency and effectiveness.

Coverage:

1. Characteristics of Achievement oriented executives
2. Overview of Enterprise Management skills
3. Understanding self-goals and motivations
4. Developing Productive habits for higher efficiency
5. Health, hygiene and safety habits
6. Communication skills
7. Decision making and Problem solving skills
8. Conflict management skills
9. Emotional Intelligence – developing resilience
This 2 days online training programme is for office staff and junior management who wish to improve their contribution to the organization and work with the mindset of an entrepreneur, now called “Intraprenuer” - urgent need of the hour specially in the challenging COVID times.

The inputs are designed to facilitate participants to gain knowledge on how to increase their value creation in their workplaces -by setting goals with a higher standard of excellence, strengthen their drive for Achievement Motivation- gaining knowledge on techniques to work in collaboratively and other behavioral competencies like communication skills, problem solving skills to improve their productivity at work.
Methodology

Online classes.

The sessions will use principals of adult learning thus they will be Participatory in nature using case studies, exercises, questionnaire etc. which will involve the participants in their learning process.
Duration 2 days on June 14 and 15, 2021

Timings: 11 to 4 PM

TARGET AUDIENCE

This programme is designed for office staff, junior to middle executives of organisations who wish to enhance their role efficacy, students/individuals interested in increasing their knowledge of management skills.
